Butch reported that the water drainage issue at Baker Hill Cemetery is still in the works.

Paul noted that the lower access to Mt. Pleasant Cemetery needs to be repaired. Culvert is blocked/plugged so that water is washing over and around driveway. Will mention this to highway department.

Butch is meeting this afternoon at Mt. Pleasant Cemetery with a member of the Haynes/Payson family to discuss a burial and to see if there is space available in an existing lot for urn placement.

Discussion of importance of “markers” and having cremation certificates on file so that we are aware of burial placement. This is also helpful for genealogy research.

Paul and Butch viewed the cemeteries and all looked good for the July 4th. holiday.

Discussion of “Corner Stones” ie.. town has received money for several stones, not sure if they have been ordered and placed. Town has not been invoiced for stones for some time. Commissioners will check out list of plots that needed stones to see if they are on site, if not, Jim will get the stones ordered.

Butch would like to get together with Paul this summer to map out the new section of Mt. Pleasant Cemetery and also try to get the new lot in North Bridgewater done.

Next meeting will be scheduled for September 18, 2019 at 4:00 pm at the Town Office.

Being no further business, Butch moved to adjourn meeting at 4:50 pm. Paul seconded the motion and motion carried.

Respectfully submitted,

Nancy Robinson
